MOTION AND ORDER REQUESTING CASE TO REMAIN SEALED

Now comes the United States of America, by and through undersigned counsel, and pursuant to Federal Rules of Criminal Procedure 16(d)(1) and 41(f)(3) and 18 U.S.C. §3103a(b)(3), and the Court's inherent power to control papers filed with the Court, respectfully moves this Court for an order requiring that all documents associated with the above-referenced case numbers, including this Motion and Order remain sealed until January 31, 2024 (pursuant to General Order 18-01) or until such time as an Indictment or Information is filed or until directed by this Court.

In support of this Motion, the United States Attorney states:

- 1. The case numbers referenced above relate to a complex investigation which involves covert investigative steps such as search warrants for electronic evidence. The full scope and nature of the investigation is unknown to the target and the public. The cases captioned above contain detailed factual statements about parts of the investigation that are unknown. Unsealing these documents would hamper the government's ongoing grand jury investigation as detailed below.
- 2. There is no Indictment or Information pending before any United States District Court which necessitates the disclosure of any documents filed under these case numbers.

Case: 1:23-mi-00034-SKB Doc #: 5 Filed: 08/16/23 Page: 2 of 3 PAGEID #: 16

3. Pursuant to Rule 12 of the Federal Rules of Criminal Procedure the proper time for

moving to suppress evidence obtained pursuant to the Court order is subsequent to the filing of an

Indictment or Information and arraignment thereon. Therefore, no prejudice would be caused to

any defendant or potential defendant by the granting of this motion.

4. The disclosure of certain information and statements contained in said documents

filed under these case numbers would alert the targets to the existence, nature and full scope of an

ongoing, covert criminal investigation involving sensitive techniques, and could lead to the

destruction of evidence or endanger confidential sources involved in the investigation.

Furthermore, public knowledge of the facts of the case through reporting of the contents of these

documents would hamper the government's grand jury investigation, and would compromise

agents' ability to covertly investigate the schemes and targets involved in suspected criminal

activities. Good cause thus exists to grant the government's motion.

WHEREFORE, the United States of America respectfully requests that any documents

related to the above case numbers, including this Motion and Order remain sealed until January

31, 2024 or until such time as an Indictment or Information is filed or until directed by this Court.

Respectfully submitted,

KENNETH L. PARKER
